Please make any other comments in the space below:

We ~~can~~ not give an ~~opinion~~ opinion on the car park as we have not been given sufficient information and the time is so limited. This should have been advertised much sooner and having it only on the internet does not fit in with everyone. Some do not have the internet and a lot of people ~~and~~ don't even own a computer.

### Civic Centre Site Option

We disagree with the proposal of the re-site. The Bally Health Centre at the rear of the Red Cross Hall.

This is an essential area for the gathering of services and Ex-Service personal on occasions of commemorations, on a public gathering, also a busy play area and picnic area for parents & children. Access to this area at the conclusion of marches is at the rear of the Red Cross Hall from Greenway Lane and it would be impossible for a large crowd to enter at the front of the Red Cross Hall. We also believe that this park which was given to the Public is gradually being eroded.

If you need more space for writing, please attach further pages as necessary.
